14.3.2023

Mrs. Rosemary DiCarlo  
UN Under-Secretary- General for Political Affairs  
UN Headquarters  
Nicosia

Dear DiCarlo,

Welcome to Cyprus.

A UN Official is always welcome in Cyprus because we believe in its existence, despite the fact that people who serve the World Body are failing in their duties, by sidetracking their obligations to the World Body, Charter.

We address you today as representatives of the refugees and displaced people from the District of Kyrenia as a result of the Ethnic cleansing carried out by Turkey following the Turkish invasion in 1974.

We welcome you asking the question why you, and Officials before you, avoid to see and talk to us in your fact-finding visits and in your effort to find a way forward on the Cyprus issue. The victims of the Turkish aggression which is the root of the Cyprus Problem, must be the key for the solution of the Problem. The case is simple: Turkey grossly violated in 1974 the UN Charter and the Problem can be solved only by restoring the International Law and Order violated in Cyprus with top priority the termination of the Turkish occupation, the restoration of Independence and territorial integrity of the Republic of Cyprus and the restoration of the Human Rights of our people which will only be achieved once we are re-instated back in our homes and property.

The case is simple providing people like yourself remain disciplined to the provisions of the UN Charter.

**Αμετάθετος στόχος μας η απελευθέρωση και επιστροφή στα κατεχόμενα, τώρα, χωριά και πόλεις μας**

**The restoration of the Human Rights of all refugees is not negotiable**

There is still time to consider talking to us while you are here and we shall be waiting for your call (00357 99439019).

Sincerely

For the Association

President
